"Jamie's on the Stormy Sea."

Ere the twilight bat was flitting,
In the sunset, at her knitting
Sang a lovely maiden, sitting
Underneath her threshold tree;
And, as daylight died before us
And the vesper star shone o'er us,
Fitful rose her tender chorus—
"Jamie's on the stormy sea!"

Warmly shone that sunset glowing;
Sweetly breathed the young flowers blowing;
Earth, with beauty overflowing,
Seem'd the home of love to be,
As those angel tones ascending,
With the scene and season blending,
Ever had the same low ending—
"Jamie's on the stormy sea!"

Curfew-bells remotely ringing,
Mingling with that sweet voice singing;
And the last red ray seem'd clinging
Lingeringly to tower and tree;
Nearer as I came, and nearer,
Finer rose the notes, and clearer;
Oh! 'twas heaven itself, to hear her—
"Jamie's on the stormy sea!"

"Blow, ye west winds! blandly hover
O'er the bark that bears my lover;
Gently blow, and bear him over
To his own dear home and me;
For, when night winds bend the willow,
Sleep forsakes my lonely pillow,
Thinking of the foaming billow—
Jamie's on the stormy sea!"

How could I but list—but linger,
To the song, and hear the singer,
Sweetly wooing heaven to bring her
"Jamie from the stormy sea!"
And, while yet her lips did name me,
Forth I sprang—my heart o'ercame me—
"Grieve no more, sweet, Iam Jamie,
Home returned to love and thee!"

The Cincinnatti Platform.

How wonderfully given you are, Deering, to perversion and mal-treatment of facts. In this, your lawyer accomplishments stick out beyond a long way your honesty; and you argue with the sophistry and dessimulation imaginable. Last week you grabbed at precious tissues of erroneous statements, published in that very voracious paper, the Sacramento *Union* purporting to be the Hon R. F. Hallett's interpretation of the Cincinnatti Platform. If any one wants to read the garbled mess, they can read it in the last number of the *News*. We have no place for it.

Hon. Benjamin F. Hallett, of Massachusetts, author of the Cincinnati Platform, has recently written a letter to the editors of the Mobile *Mercury*, which throws much light upon a subject which has heretofore been a bone of contention between the Northern and Southern democracy. His construction of the instrument is in direct opposition to those who hold to the principle of "unfriendly legislation" by a Territorial Legislature, with slavery in the Territories. *Here* is what Mr Hallett says:

I have but another word to say upon the reference made by your correspondent to that resolution in the Cincinnatti Platform which he charges upon Mr. Hallett as conceding the power to a Territorial Legislature, to abolish the institution of slavery. That resolution reads thus:

"That we recognize the right of the people of the Territories, acting through the fairly expressed will of a majority of actual residents, and whenever the number of their inhabitants justifies it, *to form a Constitution with or without domestic slavery*, and be admitted into the Union upon terms of perfect equality with the other States."

The right here recognized is that of the *people* of a Territory *to form a Constitution with or without domestic slavery*. It recognizes no act to be done touching slavery, by the people or the Legislature of a Territory *before* the forming of a Constitution, but declares that *when* they have adopted a Constitution with or without slavery, then they are entitled to be admitted into the Union.

This was and is the democratic doctrine against the "freesoil" dogma of "no more slave States," and this is the precise principle which was laid down by Mr. Calhoun in his resolution in the Senate of 1847, viz:

"That as a fundamental principle in our political creed, a people in forming a Constitution, have the unconstitutional right to form and adopt the government which they may think best—and that no other condition is imposed by the Federal Constitution on a State, in order to be admitted into this Union, except that its Constitution shall be republican; and the imposition of any other by Congress would not only be in violation of the Constitution, but a direct conflict with the principles on which our political system rests."

With this exposition, and with no disposition to question the motives of purpose of the author of "Southern Confederation," I am content to leave the public expressed opinions of Mr. Calhoun for twenty years, upon the "slavery issue," to the whole brotherhood of Southern and Northern democrats, who mean to maintain "the equal rights of all the States in all the Territories," and uphold the Constitution and the Union. He has nothing to ask of them but their good opinion.

WHO IS RIGHT.—The *Nation* says that the men who voted for Baker in the Oregon Legislature were not Douglas Democrats but Fusionists. The Oregon Douglas papers assert that they were not Fusionists, but Douglas Democrats. More than this, these fellows themselves swear that they are Douglas Democrats, and have published a card in which they defend their course, as follows:

"In voting for Col. Baker, we were influenced, to some extent, by his well known position upon the question of slavery in the Territories—a position differing but little from that of our own party. Although acting with the Republicans, Col. Baker, in the canvass of this State last Spring, openly declared himself in favor of practical non-intervention and allowing the "Territories, as well as States, to settle their domestic affairs in their own way." His often repeated declarations upon the stump in the California State canvass of last year, with his private professions more recently made, leave us no room to doubt his sincerity. In voting for him, therefore, our sacrifice of principle seem to be more in name than in substance. Aside from partisan politics, we are satisfied that Col Baker will prove a wise, able and prudent Senator, and will reflect credit upon the State which has intrusted him with the position—which is more than can be said with truth of our Senators hitherto.

POLITICS IN THE EAST.—Mr. Yancey made a three hours' speech in Richmond, which greatly exhilerates the Breckinridge men. He will speak at Harrisburg on the 6th October, the latter being one of the strongholds of Douglasism. This is bearding the lion in his den.

Alabama will give Breckinridge as large a majority as she gave Buchanan. He will beat Bell and Douglas combined, and have a handsome majority to spare.

A flaming call is passing over New Hampshire for a mass meeting of the friends of Breckinridge and Lane in Concord, on the 16th of October:

National Democratic Platform.

ADOPTED AT BALTIMORE, JULY 23RD, 1860.

Resolved, That the platform adopted by the Democratic party at Cincinnatti be affirmed, with the following explanatory resolutions:

First, That the government of a Territory organized by an act of the Congress is provisional and temporary, and during its existence all citizens of the United States have an equal right to settle with their property in the Territory, without their rights, either of person or property, being destroyed or impaired by Congressional or territorial legislations.

Second, That it is the duty of the Federal Government, in all its departments, to protect, when necessary, the rights of persons and property in the Territories, and whatever else its constitutional authority extends.

Third, That when the settlers in a Territory having an adequate population, from a State Constitution, the right of sovereignty commences, and being consummated by admission into the Union they stand on equal footing with the people of other states, and the State thus organized ought to be admitted into the Federal Union, whether its constitution prohibits or recognizes the institution of slavery.

Resolved, That the Democratic party are in favor of the acquisition of the Island of Cuba, on such terms as will be honorable to ourselves and just to Spain, at the earliest practical moment.

Resolved, That the enactments of State legislatures to defeat the faithful execution of the fugitive slave law, are hostile in character, subversive of the Constitution, and revolutionary in their effect.

Resolved, That the Democracy of the United States recognize it as the imperative duty of this Government to protect the naturalized citizen in all his rights, whether at home or in foreign lands, to the same extent as its native born citizens.

Whereas, One of the greatest necessities of the age, in a political, commercial, postal and military point of view, is a speedy communicating between the Atlantic and Pacific coasts, Therefore, be it

Resolved, That the National Democratic party do hereby pledge themselves to use every means in their power to secure the passage of some bill, to the extent of the Constitutional authority of Congress, for the construction of a Pacific railroad from the Mississippi river to the Pacific ocean, at the earliest practicable moment.

STATE PLATFORM.

Resolved, That the Democracy of California, in Convention assembled, indorse and cordially approve the platform adopted by the Convention which nominated John C. Breckinridge and Joseph Lane, as a just exposition of the true principles of the true National Democracy.

Resolved, That the administration of James Buchanan has met the just expectation of the country by its patriotism, firmness and loyalty to the Constitution.

Resolved, That we congratulate the people of this State upon the passage through the Senate of the United States of a bill to establish a Daily Overland Mail on the Central Route, and respectfully but earnestly request Messrs. Scott and Burch to urge its passage through the House of Representatives at an early day in the next session of Congress.

Resolved, That we earnestly recommend to County Committees of the several counties of this State to have ballots prepared favoring the calling of a Constitutional Convention.

Resolved, That the Convention do most cordially indorse and approve of the action of the State Democratic Central Committee, presided over by Charles Lindly, at its recent meeting at San Francisco

Resolved, That we enter into the present contest with an enthusiasm worth of our cause, and the watchwords "Pacific Railroad," "Daily Overland Mail," "Mail Steamships to China and Japan" and the "Annexation of all the territory we can honorably acquire," be inscribed upon our banner.

Presidential Prognostications

A friend who has been remarkably accurate and successful in his estimates and speculations in advance of the three last Presidential elections, says the Charleston *Courier*, communicates the following estimates as to the pending contest:

I have rarely been disappointed in my predictions and calculations made within the past sixteen years, during the several canvasses for President and Vice-President of the United States, as to the general result of the election and votes of States. I will venture now to predict the election of Breckinridge and Lane by the Electoral College, without going into the House of Representatives, as is generally believed must be done, in order to atrive at a result.

For Breckinridge I give the following States:

New Jersey	7
Pennsylvania	27
Delaware	3
Maryland	8
Virginia	15
North Carolina	10
South Carolina	8
Georgia	10
Florida	3
Alabama	9
Louisiana	6
Mississippi	7
Texas	4
Arkansas	4
Tennessee	12
Kentucky	12
California	4
Oregon	3
Total	152

For Douglas the following States:

Missouri	9
Indiana	13
Michigan	6
Wisconsin	5
Total	33

For Lincoln, the following States:

Maine	8
New Hampshire	5
Vermont	5
Massachusetts	13
Rhode Island	4
Connecticut	6
New York	35
Ohio	23
Illinois	11
Iowa	4
Minnesota	4
Total	118

Total number of Electoral votes, 303. Necessary to a choice, 152.

I am aware that two of the Northwestern and two of the New England States which I have given to Lincoln, are now likely to go Democratic, viz: Rhode Island, Connecticut, Illinois and Iowa; but admitting they have Democratic majorities, the contest between Douglas and Breckinridge will give those States to Lincoln.

The nature of the contest now going on, and which threatens the very existence of the Union and the permanency of our institutions, precludes the probability of any State throwing away its vote upon Bell and Everett.

It is not unlikely that Douglas will withdraw from the contest—indeed, I think it very probable—but this will not add much to the vote for Breckinridge; Missouri, in my opinion, being the only one of the four States conceded to Douglas that is likely to go for Breckinridge, the Squatter Democrats of the other three States being too much embittied against the seceding States, for their opposition to Douglas, to admit of their voting for his rival, Breckinridge. In fact, I believe at this moment, that the Douglasites of the North would prefer the election of Lincoln to that of Breckinridge.

Among the Boston Delegates representing Ward Six, in the Republican Convention, which nominated Anson P. Burlingame, and P. W. Chandler, for Lincoln Presidential electors, was J. Sella Martin, colored.

James L. Wilson, Douglas sub-elector for Isle of Wight county, Va., publishes an address to the Norfolk *Argus*, in which he gives his reasons for abandoning Douglas, and declaring for Breckinridge and Lane.

The State election in Iowa, this year, occurs on the day of the Presidential election, Nov. 6th, and not in October, as so many papers have carelessly stated. The same is true of Minnesota.

AGENCY NOTICE.

Mr. L. P. Fisher is only authorized Agent in San Francisco to receive Advertisements, receipt for the same, and to transact business generally for the MARIPOSA GAZETTE. Office, No. 171½ Washington street, nearly opposite McGuire's Opera House.

"We have always gone upon the ground that these Territorial Governments were in a state of pupilage, under the protection or patronage of the General Government. The Territorial Legislature has a Constitution prescribed by Congress. They have no power not given by that Congress. They must act within the limits of the Constitution granted them by Congress, or else they become void. *The people under the Territorial Government are not a sovereignty*; they do not constitute a sovereignty, and do not possess any of the rights incident to sovereignty. They are, if you so please to denominate it, in a state of inchoate government and sovereignty. It we well consider this question upon the ground of our practice during the last half century, I think we will find one way of disposing of it. It is our duty to provide for the people of the Territory a government to keep the peace, secure their property; to assign to them a subordinate judicial authority, to see that the protection of their persons, and the security of their property is regularly provided for; and to maintain them in that state until they grow into sufficient importance in point of population to be admitted into the Union as a State upon the same footing as the original States. It seems to me that that is our duty."—DANIEL WEBSTER.

The political horizon looks rather gloomy.—Late news from the East, that there is no use in denying or mistaking its import, shows that dissention and anarchy in the Democratic party has accomplished much of its work, and that Lincoln is to be President unless there is patriotism enough in the Douglas and Bell and Everett parties to give Breckinridge northern votes enough to prevent it. This is to be feared they will not do—while at the same time neither of the Bell and Everett or the Douglas parties, have grounds for the most ordinary hopes of securing a single electoral vote of their own strength.

The Bell and Everett party arose out of the split in the Democracy, from away down deep in the earth. They came up as they went down with all their traditions and pickled prejudices, and seated themselves around on the disjointed broken rocks of Democracy, and but annoy at best. Here they will make a little move, and there; but the effort shows only the weakness of the party, which, if they don't appreciate, they will shortly be made to, to their heart's content. They *could* help, for they stand, many of them, upon nearly the same ground as the Breckinridge party—but it is useless to expect it.

A portion of the Douglas party *know* it to be their duty, as it would be by inclination, were it not for bad feeling, to leave Douglas and support Breckinridge. Now, especially as the northern States, which they had calculated most largely upon, have gone so overwhelmingly Republican. How can they expect to carry a single Northern State now? They felt as certain of carrying Indiana as any one, except perhaps California. But where is Indiana? irreconcerably Republican. And where is the State South that Douglas has even a corporal's guard in, no matter what reports are blown about? The Bell and Everett party have a much better chance there. They may carry two or three States, but there is no certainty of it. The State elections would indicate the condition of public feeling, but they have not been held, and people here are as much in the dark as they were before the Pennsylvania and Indiana elections. This State is to be regarded as sure for Breckinridge, though the Douglas party don't believe it, and are betting their money free.

A little time, however, will decide it, and we think show the result that both the Bell and Everett parties have strangely miscalculated their strength; and further, that the latter party is inclined much to Republicanism. We do not say it to give offence, but when men, as some prominent in the party, state openly that they *are* opposed to any further extension of slavery, then we can not repress the opinion that they are, to all intents and purposes; for if that is their guiding political principle, what may be expected as the fruit of it?

What a difference in the conduct of the Breckinridge and Lane party, in this and Merced counties, and that of other parties. They nominated a full ticket, and declared their position, unmistakably. There was no equivocating or evasion, and we believe we are correct in saying that if the ticket is elected, no counties in this State will be better represented in all respects than these.

Mr. SHOWALTER is an old miner at Horse Shoe Bend. He represented this county in the Assembly some 3 years since, one term. In a succeeding canvass he was so unfortunate as to commit some imprudencies through excess of zeal natural to a nature of the warmth of his, which led to his defeat, and Dan went home, and has not since appeared on the political boards till the present contest. It is high time that such petty ill feeling, as was engendered in that contest of years ago, was obliterated. His intelligence, honesty, and manly qualities no one disputes.

Mr. GREGORY is one of the oldest residents of this place, a man of no t excellent judgment and sound business habits. His interests are all here, and there is hardly one in the county whom society and the community regard in higher terms. He, too, has served one term in the Legislature.

Of Col. MERRITT it is unnecessary to speak. His record is known and approved, and his election is as certain as it is necessary to make it.

Now look at the other sides. The Douglas party nominated two thirds of a ticket; just that, viz: A representative from each, this and Merced counties, deeming it not politic to nominate for Senator. Among the defeated candidates for the Legislature was Dr. BURKHALTER. Whoever heard of such an exhibition of weakness upon the part of any *great* party as to omit the nomination for the most important office in the county? They appeared to see this, and their Central Committee recommended that Dr. BURKHALTER run for this office, which is about a peg over the one they had refused him in convention.—We have nothing to say of their candidates, but of the course of the party, which seemed to be on the expediency track. They for one thing have never held up in their run—the feature of Douglasism.—They say non intervention, and so does everybody else except the Republicans. They bought the "Star," and brought the immense resources of the District Attorney to bear, but they hav'n't made a vote by that operation. However, when its over, it it will be known what has been accomplished, probably.

We regret that the announcement of J. B. CONDON, for County Treasurer which appears in another column, was entirely omitted in our last week's issue.

The News not long ago published a Poem stirring up the Douglas blood mightily about here. A few stanzas of it won't hurt much, just now, and so we'll publish them just to help 'em out:

THE WAR CRY.

The fiery cross in days of yore,
Called Scotland's sons of might,
From hill and glen to battle for
Their own, their country's right.
When answering to the noble call,
The clansmen left their glen—
The bravest, truest of them all,
Were Douglas and his men.
A Douglas! and a Douglas!
Was the stirring war cry then,
Pinna ye hear the slogan—
'Tis the Douglas and his men!

That fiery cross is raised again,
And thro' Columbia flies—(chased by the
Republicans like the very devil)
That old war cry is heard again—(Git up
and git)
Columbia's sons arise! (on 'tother side,
'pears like,)
For freedom still the Douglas leads,
And who would falter, when
The victory has always been
Wi' Douglas and his men.
A Douglas! and a Douglas!
Is the war cry now as then,
Pinna ye hear the slogan—
'Tis the Douglas and his men!

We didn't happen to hear the "slogan" very much in the first instance, but more recently we think we *do*. The slogan must sound very loud to the *News* man at present. How do you like the "slogan." The "slogan" you heard in the first place was, we reckon," like that you've been playing on for some time. Mighty fine instrument? Hear 'em so far!

The Bell and Everett party after starting a campaign paper, and making considerable noise, *did* make out to nominate *one* candidate for the Legislature. If this isn't expediency, doctrine illustrated, then we never saw it.

Judge DALY is after two offices. He desires to be elected. Presidential Elector on the Bell and Everett ticket, and is an independent candidate for Senator of this district. This is a queer procedure, but no great harm can come of it.

Now as this is the last paper that can have full circulation before election, we respectfully ask our readers to look into the merits of these tickets.—There is one "recommended" candidate for Senator; another independent candidate for the same place, but a Bell and Everett disciple; and three candidates for Assembly. What an opposition! They will vote together and apart and all about. Traps and wires will be ready to catch the Republicans. Then look at the position and ticket as wellas principles of the other party, and vote as your common sense dictates.

We have several times within a year or so spoken of a quartz vein, discovered and now owned by Mr. THOMAS EARLY, of this place, situated some 15 miles in a northeast direction from here, and in the high ridge at the head of Sweetwater. It was pretty well ascertained before any attempts were made at reduction of ore, that it *would pay*. Rather an important item, not often enough looked after, before operations. At times arastras have been run upon the vein, and always with good success.—Yields of $70 and $80 per ton, and more we think we have recorded. Mr. SEAT, who has for some time past been running arrastras, last week cleaned up, and the product, as we were shown, was a trifle less than $138 per ton. This is an extraordinary yield for a vein of such a character as this. There was probably very little difference in quality of each particular ton reduced. The vein is about two feet thick and pays uniformly. It is situated in a fine timbered and well watered region. There are other lends in the immediate vicinity which, with this, we will speak of when we are better informed, and when this political crusade is over, which, the Lord be praised, is soon to happen.

Before sunrise Thursday morning, we ordered our Devil (we being sick) to get up and shoot with coarse salt, what we thought was an uncommon loud voiced jack, roaring near the office. The Devil proceeded, and lo! on opening the door there stood the intelligent and irrepressible BACHMAN, just going it: "Pe-n-n-sylvania, Indiana and Ohio, have gone Republican." After some hesitation we ordered Belzebub to hold his fire and put up his gun—BACHMAN having stated he wanted $5 worth of bills, announcing a Republican meeting.

But joking aside. Mr. Buchman is one of the first Republicans in this county, and for some time has been the head and front here of that party—a position not uncommonly pleasant, particularly a few years ago, when to directly insult an entertainer of this political opinion was considered rather smart, by *some*. Many and severe have been the trials of his political faith and endurance, and should his party be successful, which may the Lord prevent, none in this region has a right hand of somebody, or to a higher seat in the Republican synagogue than he has. He has a perfect right to wax fat and kick.

Bad as the news is from the Atlantic States, one cannot but laugh to see the miserable Douglasites. They wiggle about from pillar to post, and exclaim, "who would have thought it! Our party is weakened in this State." At first they gave everything North, other than this State and Oregon, to Abe. Lincoln was elected to a certainty, they thought. They appear to have discovered now that there is a great, very great difference between a State and Presidential election, and although Pennsylvania is Republican now by about 30,000, Douglas has as good a chance as ever. We think he has got just as good a chance as ever—which was not any—he never had any. Verily, the mourners go about the streets.

Hear him of the *Nute*:

"Mariposa county has generally voted a Democratic ticket. It will do so this year. It will go for the regular old Democratic party, whose nominees, Douglas and Johnson, stand firm upon the principle of *non intervention*."

Onst again:

"For a few weeks after the news of the Baltimore Convention was received, there was some little enthusiasm created in favor of the Bolter's ticket.—Breckinridge Clubs were started here, and in Hornitos; but time rolled on. * * * * * * * There is now no enthusiasm in their skeleton ranks. They know they are wrong, and at war with the great leading principle of the party. Many of them who profess to be for Breckinridge will vote for Douglas, but having started out for the Bolters don't like to change. This county is for the regular nominees, Douglas and Johnson."

We doubt.

The Republicans were addressed by GEORGE S. FISHER, at Torney's Saloon, Thursday evening.—The attendance was very moderate, and some who did attend were of other sorts. The remarks of Mr. Fisher, thoroughly partook of his party's characteristics as is understood. The Republicans though few in number, did their best, and succeeded very well, take it altogether.

We do not wonder that our Correspondent thinks that there is something wrong within the *News* man; all think the same who have noticed his "kicking up behind and before" for the last three months. It is not attributed to "fermentation" altogether; but to a softening of the intellectual portion of his brain, that lies just behind the ears, low down.

A Turkey Shoot comes off next Saturday, at Fine's Store, Mormon Bar. A large lot of Chickens as well as Turkeys, will be shot for. They are not for speculation, but merely to bring a moderate price to the raisers, who prefer to dispose of thir poultry this way, rather than dress and market it.

Ye learned Rabbi of ye *News*, holdeth forth:

"The most cheering news pours in from all sections. The people are becoming aroused to the importance of the election, and the necessity of sustaining the regular Democratic nominees, Douglas and Johnson, of giving in their adherence to the great principle of non-intervention, and putting another question to the agitation which sectional parties are tending to bring back upon the country."

Oh, my! don't it pour in. D—d if there was ever anything like it. The people where Douglas lives, *are arrowsed*, and are "sustaining" over their heads out of the country, most unquestionably.

Worser and Worser.—The first news was, Pennsylvania, 16,000 Republican majority; Indiana 9,000 maj; Ohio 20,000. But now it is certain that these figures have to be multiplied by about two to express the condition of affairs. Sad for Douglasites, isn't it? Yaw.

The Rev. Dr. Anderson still keeps preaching in Stockton upon his favorite theme that a considerable sized christian can "cut up" some occasionally and not damage his future prospects much. Mr. A. is popular there.

Lyttleton Tyler, one of the assistant Douglas Electors in Virginia, has declined to serve. He says he has been a great admirer of Mr. Douglas, but can't swallow his Norfolk speech, and will now support Mr. Breckinridge.

Visalia Correspondence.

VISALIA Oct. 25th, 1860.

Editor Gazette.—This week has been pregnant with great events, such as earthquakes, distinguished arrivals, political speaking, runaway matches, and the like o' that. The Earth took a small shake day before yesterday. Burke, Merritt, Burkhalter and McCaffrey arrived on the following morning.—Last night a multitude assembled in front of Thom's hotel to hear the speakers, announced by the "bills of the day." To the disappointment of everybody Daly didn't arrive. The ball was opened by Burkhalter in behalf of *Squatter Sovereignty*, upon which doctrine he *squatted* for at least three hours. This was the principal feature of his speech—(it's length.) Merritt followed, and "kinder" shut up the doctor's slop. A few more discussions of this sort, and Douglas-ism will be nowhere in this region. McCaffrey, who is evidently hunting the crown of Martyrdom, mounted the rostrum and very foolishly got mad because some drunken fellow in the crowd bleated at him. He reared, pitched, foamed, ranted, and cursed the crowd, who retaliated with what is known as "French applause." After relieving himself of considerable surplus bile, he announced that he would speak "in he church" to night, and then collapsed. From his "winning ways," as evidenced last evening, he will probably receive *marked* attention. He has also very kindly tendered an invitation to *all the citizens of Tulare County* to go up to Bear Valley and fight him one at a time. They are all going. A densely populated grave yard may be expected near that town in a few days. Up to date he has eat all his dead, but upon going into the wholesale business will make different arrangements.

Speaking of speakers—it is rumored that Worthington will address the people of this county sometime within a week. He is for "Dug," and for further particulars read the Alameda *Gazette*, of October 13th, which contains a graphic description of what he said and how he said it. It is a life like picture, and must have been taken by "our artist *on the spot*." Worthington is, however, a good speaker—pity that his talents should be prostituted to such base purposes.

The October term of District Court commenced yesterday. The docket is a long one, and will probably occupy nearly all of next week.

An *impromptu* marriage occurred last evening.—The parties were Joe Bosselle and a Miss Reeves.—Joe is a "Prince of good fellows," and a general favorite in this region. The "cruel parent" happens to be absent, in another portion of the State, and may be surprised, perhaps indignant. Joe don't care—he's got the gal.

Candidates are numerous here for local and other offices. Only three for Assembly, four for County Judge, and others in proportion. The races closed on Saturdas last, and a match has since been made between "Kangaroo Bill" and Suttonfield's brown horse, "Hallett." Single dash of a mile, for $500 a side.

The above are about all the items of any interest I can think of at present. If you can make anything of them, do so; if not, "tar 'em up," or put them away on that shelf with your *rejected poetry*.

LOITERER.

Sacramento Correspondence.

SACRAMENTO, Oct. 21st, 1860.

MR. EDITOR:—I see by your last issue that the Board of Supervisors have ordered an election for Assessor and Treasurer. Why did they not order an election for District Attorney? is it not plain that the present incumbent has become demented? and I might add fermented, but his faculty for misrepresenting facts is unimpaired

In the *News* of the 16th instant, he says there was no fusion between the Dougs and Blacks in Oregon; and that Baker was not voted for by the Dougs. A more impudent or barefaced falsehood couldnot have been written or spoken. And then he says, in effect, if they did, it was no more than Buchanan did in Illinois in 1858; another falsehood. The administration party had their own ticket and supported it *on principle*. Again; he says the Democracy and Blacks fused against Douglas in the late election in Maine; a more villainous lie than which could not be uttered. Again; he says Latham found nearly all of his political friends here for Douglas, which is another falsehood. Again: he says that the Douglas men in San Francisco offer to bet any amount on Douglas carrying this State, but can get no takers; false again, because every cent that they have offered has been taken; and there is plenty of cash there and here for them *to take* whenever they have the "sand" to meet it, and *he* knows it.

But here I am again dragging this pitiful fellow before the public, but I only do so because he is the pliant tool of others.

Dr. Gwin and Judge Tilford addressed the Democracy of this city on Wednesday last. The Forest Theatre (in which they spoke) was crowded from "pit to dome." The news from the East is most cheering to the Democracy of this State, and we are in hourly expectation of the news of Foster's election in Pennsylvania, and be it remembered that F. is a Democrat, and of course a supporter of Breckinridge. Truly, A. G.

New Books.

Shearer's Digest—This book gives the sub substance of all the decisions of the Supreme Court of California, contained in the first ten volumes of Reports. The arrangement is on the most approved plan for such works; and the matter seems to have been got up with great accuracy. While the general reader and business man may find in this book, in a cheap form, "the law" as settled by the Supreme Court, it is indispensible to every member of the bar.

The work is published by the enterprising house of H. H. BANCROFT & Co. San Francisco, and sold by GREGORY & ETLY, Mariposa.

Table of Cases, OVERRULED AND MODIFIED.—This work is by H. J. Labat, annotator of the Practice Act. As a book of reference; it will save the legal profession much labor. H. H. Bancroft & Co. San Francisco, publishers; and sold by Gregory & Etly, Mariposa.

If the Territorial government is sovereign, why are its Governor, Surveyor, and Judges of Courts all sent to it by the General Government? Why does the Government pass laws giving the Territory limited governmental authority? And why, as has repeatedly been the case, has Congress repealed Territorial laws? The truth is, a Territory is not sovereign, but dependent. The Supreme Court has decided that Congress has no power to abolish slavery in the Territories. It follows, then, that the Territories have not got that power, for they have only such authority as Congress confers upon them. "Popular Sovereignty" commence only with the organization of a State government. States are sovereign—Territories are not.

There are only two real candidates for the Presidency—Breckinridge and Lincoln. For one or the other of these the people must vote; and, for whomsoever they vote, if it be against Breckinridge, they really vote for Lincoln and Black Republican rule. There is but one issue, and that is between the party of the Constitution and Union, of which Breckinridge is the standard bearer, and that of violence and treason, of which Lincoln is the champion. All good Democrats, all conservative men, will throw aside their personal preferences and unite on that candidate who alone can defeat the Black Republican nominee.

The great point urged against the Breckinridge party is that it is a disunion party, and if it succeeds the Union will be dissolved. We ask them to show the least ground for the charge, and they tell you Yancey and Rhett are leaders of the party, and it is pledged to destroy the Union if Linclon is elected.—We may convict Mr. Douglas of being a disunionist in the same way. Let us see: Governor Johnson, and Soule, and Winston, and Seibels, have been avowed disunionists, and the *Constitutionalist* and *Confederacy* are for disunion if Lincoln is elected.—Therefore, Douglas is a disunionist, and his party are pledged to destroy the Union in that contingency. That is precisely the argument of those who charge Breckinridge with being a disunion candidate—a man whose loyaly to the Union is as true as steel, and who never had an impulse in common with disunion.

The indications in Virginia and North Carolina are decidedly favorable. The opposition, and especially the Bell party, have been calculating on success in these States, on account of the divisions of the Democracy; but the recent elections have put an end to all hope. The whole South, including those States through which the parallel 36:30 passes, and those south of it, will unquestionably cast its vote for Breckinridge, and there is much reason to hope that many of the States (Atlantic States) north of it will do likewise.

Atlantic Items.

The Sacramento *Union* has received Pony News up to the 11th of October. We gather from it the following:

St. Louis, Oct. 11th.—The Republicans have carried Pennsylvania, Ohio and Indiana by large majorities. In Pennsylvania, Andrew G. Curtain's majority, is from 15,000 to 20,000. Both branches of the Legislature are Republican by an increased majority.

The republican Congressmen elected are: Morris, Verree, Kelly, Davis, Hickman, Scranton, Grow, Hale, Blair, Covode, Stevens, Killinger, Campbell, Junkin, McPherson, Moorhead, McKnight, Stewart, Patton, Babbit; Democrats, Lehman, Cooper, Johnson, Morgan—Lazear, Ancona and McKenty for the short term.

In Ohio there are great Republican gains. The majority is upwards of 20,000. The Republican Congressmen's majority is 20,000. The members elected are Brown, Gurley, Horton, Trimble; Democrats—Pendleton, Vallandingham, Allen, Cox, Morris, Noble—a gain. The Congressmen will stand thirteen republicans to 8 Democrats.

In Indiana the Republican State ticket is elected by upwards of ten thousand majority. The legislature is largely republican. The Congressmen, who are republicans, are Dunn, Julian, Porter, White Colfax, Mitchel, Nelson and Shanks; Independent—Davis and Peabody.

Union in New York.—The New York *Times'* Washington correspondent says that Croswell left there on the night of Oct. 4th, for New York, with positive assurance from the President that the Administration will use its influence to procure the withdrawal of the Breckinridge State, and Electoral tickets, Schell was a party to the arrangement.—Dix was to proclaim the arrangement at a meeting on Monday night.

The Breckinridge electoral ticket in New York was yesterday officially withdrawn to allow of the Union or fusion ticket.

Another John Brown Affair.—A negro plot has been discovered in Princess Anne, Norfolk county, Virginia. There is great excitement. Several arrests have been made—one of a white man.—One negro was shot, but not killed. Strict surveillance is observed.

General News.—The Prince of Wales visited Mount Vernon, Oct. 4th. He took leave of the President, Oct. 6th. He visited Richmond, Oct. 8th, and arrived in Baltimore by steamer from Norfork, Oct 9th. He drove through the city and left for Philadelphia.

Francis Duffy, Deputy Sheriff, is under arrest, for attempting the murder of James L. Dorland, of Brooklyn, New York.

Steamship Northern Light has arrived from Aspinwall. There were no mails, treasure, or passengers by the Stephens. It is rumored that the three new steamers sent to the Pacific for the Tehuantepec service have been sold to the Pacific Mail Company; also that Vanderbilt has sold out this side to M. O. Roberts and Moses Taylor.

The Pacific telegraph men have postponed organization for the present. They have selected the Central route, on which the work will be at once commenced.

Steamer Burned.—The steamship *Connaught*, for Galway, sprung a leak Saturday. She took fire on Sunday morning, one hundred and forty miles from Boston light; they succeeded in keeping the fire below till four o'clock, when the leak gained rapidly, extinguising the fires under the boilers. The fire gained raidlly, driving the passengers on deck, the water and fire both gaining. The boats were got ready. There was a heavy sea, and the first boat lowered was stove; six others were launched with passengers. The brig *Minnie Shaffer* have in sight at noon, and at seven commenced transferring the passengers. The steamer was very hot. All were got aboard the brig by half past nine P. M. Capt. Leitch was the last to leave the wreck. All the passengers and mails were saved, and taken to Boston.—The *Connaught*, when last seen, was a mass of flames. There were 50 cabin passengers; steerage, 417; crew, 134. The cost of the steamer was 120,000 pounds—fully insured in England. The fire is supposed to have been smouldering for a long time. The cause of the leak is not known.

Political.—Sixteen counties, in Florida, give for Milton, Breckinridge, 1,375 majority.

The attempted fusion of the Douglas and Breckinridge parties in Virginia, thus far, has been unsuccessful. The Douglas Executive Committee repudiate the idea of withdrawing their ticket.

The Union fusion meeting, at the Cooper Institute, in New York, Oct. 8th, was attended by 5,000 people. There were four meetings outside, and considerable enthusiasm. Speeches were made by Seymour and others.

The Democratic Committee at Albany have completed a Union ticket, putting Bronson for elector at large in place of R. H. Walworth. Randall has been withdrawn. Green and Brady still kick.

John Cochrane has received the Tammany as well as the Mozart Hall nominations. In the Third Congressional District, the Bell men have nominated Hewitt for Congress.

The Vote of Nevada County.

The *Campaigner* furnishes the following estimate of the vote of Nevada County:

The vote of last year in this county, for Governor was as follows:

Latham	3,185
Currey	2,534
Stanford	581
Total Opposition vote	3,115

Now if we can ascertain how many of these 3,115 were Republican votes, we shall obtain the amount of the entire vote other than the Administration and Republican. We will be liberal and call this latter the Anti Lecompton vote; although it undoubtedly included many Old Line Whigs who voted for Currey.

We take it for granted that the Republicans will vote for their own ticket this Fall, it being the Presidential election; also, that their strength in the county has not materially increased since last year; certainly not from the Administration ranks, which is all that is necessary to support our argument.—Then taking the *Democrat's* estimate of the Republican strength at 1,800, and deducting it from 3,115—the total opposition vote above given—we find the Anti-Lecompton strength to have been 1,315. Deducting the latter from Latham's vote, 3,185, we find the difference 1,870, one half of which, that is 935 votes, Douglas must gain from last year's Administration vote, in order to equal the Breckinridge vote, and carry the county next November

The foregoing estimate gives Douglas all the Old Line Whig votes—now Bell and Everett; whereas it is certain many of them voted for Currey—himself an Old Line Whig—who will not vote for Douglas this year.

Computing in the same way upon our own estimate of the Republican vote in November, 2,000, and Douglas must gain 1,035 Administration votes!

It is a fact that the Democratic party, which rallies around the standard of Breckinridge and Lane, is the only party which has the honesty and the courage to proclaim the same principles and publish the same platform in every part of the Union—alike in Maine and Texas, In Pennsylvania and Oregon.

It is a fact that while the supporters of Stephen A. Douglas in the North are urging his claims to popular favor on account of his Squatter Sovereignty doctrine—to Southern rights and Southern security the most dangerous phase which anti-slavery agitation and antagonism has yet assumed—and while they are denouncing the friends of Breckinridge as "disunionists" and "slavery propagandists," yet the leading managers of the Douglas movesent in the South are the Soules, the Gauldens and the Forsythes, heretofore and open and avowed advocates of disunion, and conspicious in every filibustering scheme.

Do not these facts prove, beyond all contradiction or controversy, that the party of Breckinridge and Lane is the only party that challenges the support and the confidence, not only of the old Democracy that upheld Jackson, and Polk, and Pierce, and now sustains Buchanan, but of all loyal and Constitution loving men, irrespective of their past political connections and affiliations?—*Pennsylvanian.*

Quite an important political move has lately been made in New Jersey, which stikes the fate of Lincoln beyond any doubt. The Bell and Breckinridge men have combined upon one ticket, and in so doing have adopted one Elector from the Douglas ticket. His election is conceded by the Republicans, since the entire opposition to Lincoln, constituting a large majority of the vote of that Sate, have united on him.

The Williamsburg *Gazette*, we believe the oldest newspaper in Virginia, heretofore neutral, has come out for Breckinridge and Lane. It gives, in a single paragraph, an insight into the motives that influence more than one Douglas paper in the country. It says: "Last week was received a proposal by a letter, to the effect, if we would advocate the claims of Douglas for the presidency, we should receive, besides a large stipulated pay, a bonus of three hundred and fifty extra subscribers. So far from accepting the proposition, upon the very strength of it we have run up the names of Breckinridge and Lane. What an effort at bargain and sale of principles!"

An Awful Disease.—The Pipesnipey, a complaint peculiar to the Western country in summer season, has broken out among many of our citizens. A sudden depression of the colipses limbix, a caving in of the spinality or backbonibus, and a feeling of slimness in the immediate vicinity of the cateroid canibus, may be regarded as proper indications that the complaint is coming on. The following prescription will afford instant relief:

Spiritus Nini Otardi, z. i.;
Spiritus Vini Jamaicai, z ss.,
Sugarum Whitum, q. s.;
Ieibus Finis, q. r.;
Sliceum Pineapplei, Strawberry ii;
Shakiatis violenter;
Suckite dulciter cumstrawum.

A friend at our elbow (a learned M. D.) remarks that he would not object to have the complaint for the sake of the remedy.—*Clever. Plaindealer.*

To our particular friend Capt. MCKOWN, we are under obligations for special favors.

A CARD.

Editor of Gazette—SIR:—I wish to make some explanation to prevent a wrong inference being drawn from the election notice for County Surveyor:

I was accidentally presented last Fall from qualifying as County Surveyor, within the time required by law, after the election, but qualified afterward as appointee of the Board of Supervisors. This appointment will be superseded by the coming election, and I am a Candidate to fill the unexpired term for which I was elected last year. I hope this will explain the matter to persons who might otherwise misunderstand it. R. B. THOMAS.

Special Notice.—To relieve suffering has been the object of the humane and philanthropic in all ages; before the practice of medicine became a science the sick were publicly exposed in the open air and every passer by named the remedy he considered most suitable for the complaint. We possess at the present day through the agency of the press a more reliable mode of conveying information to our suffering fellow creatures. Those afflicted with scrofula, curtaneous, and eruptive diseases will find in the columns of almost every newspaper and Periodical published; certificates and testimonials from those who have been speedily cured of these dreadful complaints by the purifying and powerfully regenerative qualities of Sands' Sarsaparilla. feb7th

"Oh! I'n't he a darling!".—In addition to the vote for Mr. Lincoln for the resolutions of Geo. Ashman, offered in Congress during the Mexican war, which declared that war was wrong, unjust and unconstitutional, Harper's Weekly in a biography of that individual says that Old Abe *voted against a bill granting one hundred and sixty acres of land to each of the volunteers who served in it.* He thus sought to visit his wrath upon the patriotic men, young and old, who at the call of their country marched to the battle field. This act was worthy of a tory of the American revolution. In Lincoln's brief public life, he never did a patriotic act. Talk about such a man being one of the people! It is nonsense, and worse than that. He hates the people, and all his public acts have proved it. "Oh! isn't he a darling."—*Ohio Statesman.*

I did not come here to ask your votes nor your suffrages for any office. I am not here on an electioneering tour.—*Mr. Douglas at Pittsburgh.*

The stump candidate for the Presidency has said thing in most of the hundred or so of speeches which he has made in the present campaign. Why does he not tell his audience that it is not Stephen A Douglas, but another man who is addressing them? Why does he not deny that there is a sun in the heavens, and that night and day divide the time?—He might as well do this as to attempt to deny the fact that he is on an electioneering tour, and that he is traveling round the country, begging for votes.—*Washington Constitution.*

Special Notice.—The Medical and Surgical Institute of Dr. L. J. CZAPKAY, is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are often awarded to practitioners in this department of Medical science, and they occupy with others, an equally lofty position in the profession. Record is an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapkay has fully equalled him in this country, as a proof of which, the Philadelphia College of Medicine complimented him with a Diploma, and the honorary *ad eundem* degree. Selecting this as his field of operation, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary army, for more extended labors, Dr. L. J. Czapkay has bent his earnest attention to the cure of chronic and private diseases in which he has become so great an expert that he is now regarded as the LEADER in this branch of his Profession throughout the United States, and his portrait and biography are published as matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company.

☞We ask particular attention of our readers to the sworn certificates of remarkable cures, in another column of this paper.

Miscellaneous.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP

FOR CHILDREN TEETHING,

Which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to yourselves, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations and speak in terms of the highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

MRS. WINSLOW'S SOOTHING SYRUP.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with *uncertailing success* in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will relieve almost instantly

Griping in the Bowels, and Wind Colic;

and overcome convulsions, which if not speedily remedied, end in death.—We believe it the best and SUREST REMEDY IN THE WORLD, in all CASES OF DYSENTERY AND DIARHŒA IN CHILDREN, whether it arises from teething or from other cause. We would say to every mother who has a child suffering from any of the foregoing complaints: DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine; if timely used. Full directions will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Mariposa Gazette

What Twenty Years have Accomplished.

It must be a source of great delight to a man like John A. Sutter to look back upon a useful and well spent life, and reflect that the creation and elevation to power of a large and prosperous State is, in a large measure, due to his own disinterested exertions in a field where few except the most hardy would have dared to follow him. Less than twenty years ago an old captain of Napoleon's Swiss Guard, disappointed with his prospects as a soldier of fortune, conceived the idea of establishing himself in the solitudes of the vast North American wilderness, of which then less was known than of the interior of Africa at the present day. Whether any idea had as yet entered his brain with regard to the prospective greatness of the country he was adopting for his home is uncertain, but the old hero must have received some authentic information respecting its capacities, or he would not have entombed himself—for at that time the chief visitors at Sutter's Fort were trappers and Indian traders, or the savages themselves, whose uncouth ways must have offered a broad contrast to the refinements of that society from which he had voluntarily exiled himself. That he did not seek the new country from any misanthropic desire to shun the world and live the life of a recluse, is evident from the assiduity with which he cultivated his farm, and the enterprise he manifested in all his business transactions. He surrounded his buildings with a wall, established a smithy, and was driving, all by himself, a lucrative trade between Indians and factors, when Fremont, with his first exploring party, partook of his hospitality. It seems unaccountable that such a land could remain for so many centuries almost unknown and unexplored, especially when we consider that it had fallen to the share of the Spaniard, whose favorite occupation was hunting for gold—Where these millions of acres of fertile soil lay glistening in the sun, overrun by herds of stock as wild as those of the prairies, and abounding with game, hundreds of treasure yielding mines and productive farms reward the laborer's toil. The tract, alone, Las Mariposas, now owned by Col Fremont, yielded, a short time since, as the result of eight days' working, over eighteen thousand dollars—when his eyes first surveyed it, nothing more than a barren wilderness; and a million head of cattle swarm upon our plains and pastures. To be the pioneer in such a movement and to watch the rapid development of such an empire is worth more than all the glories that can fall to the lot of soldier or statesman.—*S. F. Mirror.*

....It is said that in New South Wales an old maid is a much rarer animal than a black swan. It is asserted that fair emigrants from England receive offers of marriage through speaking trumpets, before they land from the ship.

PRACTICAL EXPERIENCE

BETTER THAN

EXPERIMENTAL SCIENCE.

HOLLOWAY'S OINTMENT.

CONSOLATION FOR THE SUFFERING.

Nealy fifty years continual use in every part of the habitable globe, among the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflamation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

Scrofula, Erysipelas, & Salt Rheum.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvey, Sore Heads, Scrofula of Erysipelas, can long withstand its influence.

Bad Legs, Old Sores, and Ulcers

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ungeent.

Eruptions on the Skin.

Arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emollient; warm fomentations should precede its application. Its healthy qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the followingcases:

Banions,	Rheumatism,	Sores of all kinds,
Burns,	Ringworm,	Sprains,
Chapped hands,	Salt Rheum,	Stiff Joints,
Chilblains,	Scalds,	Tetter,

Late Proprietor of the Institution for the Deaf at St. Louis, Missouri, and Chicago, Illinois,

HAS arrived and may be consulted at the corner of Montgomery and California streets, (Express Building, up stairs) San Francisco. Early attention is desired.

Deafness, Dizziness, Ear Ache, Catarrh, Noise in the Head, and all discharges from the Ear, Mouth or Nostrils,

ENTIRELY REMOVED.

A number of years of unremitting attention to diseases of the Ear as a speciality, has enabled him to make many improvements in all that has heretofore known of Aural Medicine and Surgery and to insure such a degree of success as seems almost incredible. A great number of certificates and testimonials can be seen at his office, from many well known citizens in different parts of the Union.—From the afflicted at a distance, a letter of inquiry enclosing a stamp to prepay answer, will receive immediate attention. The Eyes! The Eyes!

DR. E. H. PARDEE,

OCULIST—After a protracted blindness of more than five years, DR. PARDEE has made himself thoroughly and scientifically acquainted with all diseases of the Eye, and has now been in practice eight years in San Francisco with a success that cannot be surpassed in any part of the United States; and for proof of this he will substantiate by cases that have been cured by him, after having exhausted the skill of all the eminent Oculists in the cities of Boston, Philadelphia and New York. Dr. P. wholly objects to the use of caustic, blue stone—keeping the patient in a dark room, dieting, blistering, cupping—the blue pill at night and salts in the morning, etc., etc. DR. PARDEE has also been remarkably successful in the treatment of Rheumatism, Neuralgia, and all pains about the head; and the frequent calls that he has for his Rheumatic mixture from all parts of this coast, with the many testimonials, is positive proof of its efficacy; and to prevent answering many inquiries by letter, he will state that it can be sent to any part of the State or coast, and each bottle will be accompanied with full directions and a receipt for a liniment, magical in its effects over pain, ingredients of which can be procured any where—price, $10. The ARTIFICIAL EYES inserted by Dr. P. have all the natural movements of the real eye, and cannot be detected even by close inspection. Address
